

DSEPOWER[®] SHARING WITH SIMPLICITY.

DSE8005 SCADA Suite

The DSE8005 SCADA Suite software for Windows™ PC enables remote control and monitoring of DSE load share systems comprising of DSE86xx and DSE87xx* modules.

The DSE8005 will monitor up to a maximum of 40 DSE controllers in any combination of up to 32 generators and 10 mains (utilities) e.g. 32 generators and 8 mains (utilities), 30 generators and 10 mains (utilities) etc.

For more information please refer to the DSE86xx or DSE87xx manuals.

Modules are linked via a high-speed RS485 connection in a 'daisy-chain' topology.

* To follow

Compatible with Windows™ 7, XP and Vista, the software can be easily installed into any laptop or PC, allowing full remote control and monitoring facilities. The Windows™ based software is licence-free and user-friendly.

FULL ON-SCREEN FUNCTIONALITY
